Product Description

Kress Commercial 60V 16" Chainsaw- Tool Only

The first truly cordless chainsaw solution for landscapers. Powerful, durable, and convenient without the starting concerns when used intermittently. With a rapid chain speed and an arborist-level chain, the Kress KC300.9 chainsaw assures smooth, fast, and efficient cutting. With the 8-minute CyberSystem revolutionary battery and charging system, there are no concerns about being short on power for those landscaping days that include tree care. With an IPX4 waterproof design, efficient cutting, and rapid battery charging, the Kress commercial chainsaw will also address storm damage recovery.
