Product Description

Kress 60 V cordless brushless blower - Tool Only - KG560.9

The Kress 60 V 750 CFM blower features a brushless motor delivering maximum power for professional-level performance

- Variable Air Control nozzle; Switch between wide-area blowing at an air volume of 750 CFM and an extremely powerful spot-cleaning jet at a speed of 140 MPH
- Kress-built brushless motors deliver greater levels of power, runtime, and an extended service life
- The unique air nozzle creates more air volume without using more charge from the battery to blow the leaves and debris away
- Continuous variable speed control with Turbo mode maximizes the efficiency, runtime, and power
- Well-balanced and ergonomic design for optimized controls and reduced fatigue
- Part of the Kress 60V Battery System, one 60V battery can power all Kress 60V tools
