Product Description

Grasshopper MidMount 328-G4 EFI 52" Vanguard

Power, efficiency, and economy. The 328G4 is equipped with a vertical crankshaft Electronic Fuel Injection (EFI) Briggs & Stratton Vanguard engine that continuously adjusts fuel ratios while using less fuel. EFI engines provide reliable hot and cold starts, reduce emissions and minimize fuel-induced service issues.

Features may include:

- B&S Vanguard Electronic Fuel Injection (EFI Engine) Engine
- Vigilant Operator Presence System
- QuikAdjust Tilt Levers
- Hydro-Gear ZT-4400 Transmission
- Heavy-Duty Deck
- QuikAdjust Drop Pin Height Adjustment
- Reduced Maintenance
- Rugged Construction
- Ultimate Operator Station
- Warranty
