Product Description

Grasshopper MidMount 337-G5 EFI 61" Vanguard

Powerful performance and fuel economy are available with the 337G5. Equipped with a Briggs & Stratton Vanguard Electronic Fuel-Injection (EFI) vertical shaft, V-twin engine continuously adjusts fuel ratios while using less fuel. EFI technology minimizes fuel-related services issues and offers reduced emissions.

Features may include:

- B&S Vanguard Electronic Fuel Injection (EFI Engine) Engine
- Vigilant Operator Presence System
- QuikAjust Tilt Levers
- Hydro-Gear ZT-4400 Transmission
- Heavy-Duty Deck
- QuikAjust Drop Pin Height Adjustment
- Reduced Maintenance
- Rugged Construction
- Ultimate Operator Station
- Warranty
