Product Description

Massey Ferguson® 5S Series Tractors

Simply the best-in-class tractor between 115hp and 145hp, the new Massey Ferguson 5S Series offers a choice of three models with a totally new, upgraded design incorporating the iconic saber line livery.

Agile and nimble, it offers best-in-class visibility combined with excellent maneuverability from its tight, 13-foot turning radius. Delivering great performance, the MF 5S Series combines economy with high levels of comfort and control along with a wide choice of equipment and options to suit all applications.

Developed to tackle all challenges and tasks on the farm efficiently and economically, the MF 5S Series is indisputably the first choice for livestock, dairy as well as hay operations.

MODEL	MAX POWER (HP)*	ENGINE	TRANSMISSION	MAX TORQUE (FT/LBS)**	LIFT CAPACITY (LBS)
