Product Description

iQ3500 Portable Inverter Generator

The iQ3500 portable inverter generator lets you bring power wherever you go – from tailgating parties to camping trips, the job site, and beyond.

The durable, yet lightweight design is specifically engineered for easy portability. The intuitive PowerDial™ integrates the start, run and stop functions into one simple-to-use dial, along with Electric Start (battery included) capability, all conveniently located for quicker startup. Select from two engine speeds, depending on your need, to significantly reduce noise and fuel consumption, or to maximize power response.

Inverter generators utilize a different type of alternator than standard generators to generate AC power. The end result is a portable generator with reduced weight and size and power that is ultra-clean and capable of safely powering sensitive electronics and tools.

Features:

- **Ultra Quiet- 40% Quieter than Honda-** advanced inverter technology and enclosure design provide optimal quiet performance.
- **PowerRush™ ADVANCED TECHNOLOGY** gives 16% more power than Honda and delivers 50% more starting capacity allowing you to do more with less. **Electric start with PowerDial™** has three operation settings integrated into one simple-to-use dial.
- **Generac's OHV engine** with splash lubrication provides a long engine life.
- **Digital Smart LCD** with hour meter tracks maintenance intervals.
- **Low-oil level shutdown** automatically safeguards engine from damage.
- **USB Ports** charge mobile devices including smartphones and tablets.
- **Economy Mode** reduced noise and fuel consumption.
- **Parallel-ready capability** allows for connection of two inverter generators for twice the power.
