Product Description

2023 American LandMaster L7 - 4WD

MORE POWER, MORE SPEED, MORE CAPABILITIES

Introducing the industry's hardest working, smoothest riding UTV of its class. Built to tackle your toughest jobs and doubling as your biggest thrill ride, the L7 is the most versatile UTV out there. Whether you just want a fun vehicle to drive on trails, or a more aggressive, rugged vehicle to take on big jobs, the L7 is uniquely designed to cater to both lifestyles.

Thanks to our unique L-ROSS (Landmaster Ride Optimization Suspensions System) you'll barely notice the rumble strips, railroad ties, or large rocks you just plowed over. Your life will get a whole lot easier knowing you can tackle heavy jobs, loaded trails, tight corners, and muddy trails. Plus, you'll have added comfort even in the most uncertain environments due to our unique coil-over-shock setup and supersport trailing arm.

ROPS Certified
