Product Description

Kioti CS Series Sub Compact Tractor with Loader - CS2510 HST

With Front End Loader: SL2410

FEATURES

- **Premium Diesel Engine:** A 24.5 hp (18.3 kW) optimized combustion diesel engine has large power output, yet low fuel consumption. Fluid service and inspection locations are easily accessible to the operator.
- **Headlights:** 55W lamps are the brightest in this tractor's class.
- **Foldable ROPS:** The standard fold-down roll bar allows you to move into low clearance areas quickly and easily.
- **Control Levers:** The HST with HI-LO range lever allows the tractor to overcome a wide range of load tasks. The rear PTO and mid PTO can be controlled separately or together with a simple in-line shifting lever. The height adjustment lever allows the operator to control the mid-mount mower's cutting height easily.
- **Rear PTO and 3-Point Hitch:** The rear PTO and high capacity three-point hitch can accommodate a variety of implements and attachments. The flip up PTO guard ensures easy implement attachment. The bent lower link assists with easy implement installation.
- **Ergonomic Operator Station:** The ergonomically designed workstation places operator controls within easy reach for maximum comfort.
- **Four Wheel Drive:** Single-lever engaged 4WD is standard on the CS2510 tractor.
- **Distinctive Hood Design:** The streamlined hood design improves the visibility for the operator. A vertical opening hood allows for easy access to the air filter, fluid service and inspection locations fuse box and electrical components.
- **Twin HST Pedals:** Twin HST pedals offer easy forward and reverse movement with smooth engagement, acceleration and deceleration. Pedal pressure is minimized which reduces operator fatigue during long hours of use.
- **Mid PTO:** The standard mid PTO (2,200 rpm) allows you to use implements such as a mid-mount mower.
- **Illuminated Dashboard:** The dashboard illuminates when the engine is started. The digital gauge package includes tachometer, fuel and temperature gauges along with a low fuel warning lamp.
