Product Description

Maruyama E270 Curved Shaft Edger

Maruyama curved shaft edger E270 offers excellent maneuverability and will allow you to prepare that beautiful manicure edge along the end of the yard with ease. This unit offers a high visibility shield to allow for greater edging control. Easily adjusted to the perfect edging height, it is ideal for edging alongside walks and concrete structures, and way more maneuverable than a walk-behind unit.

More power, durability, and engineering than ever before!

MAIN FEATURES

- Field proven low emission 2-cycle engine technology
- IRON-5YR commercial warranty
- Lifetime warranty on solid steel driveshafts
- Adjustable throttle control, ideal for applications where full cutting speed is not desirable
- Comfortable anti-vibration grip & waterproof kill switch
- High power and torque to edge easily around any obstacle
- Adjustable blade height: High visibility shield and tool-free depth adjustment for control and ease of use
- Heavy duty gliding plate for extended gearbox protection and durability
- High visibility shield allows for greater control
- Made in Japan
